Email | +91-7827853144 | <https://github.com/Mobassir003>

Education

Institute Of Applied Medicine and Research, Chaudhary Charan Singh University(currently Pursuing), India

- Bachelor of Engineering in Computer Science

2021 - 2024

Shri Sanatan Dharam Inter College, India

- UP Board (Class XII),:

2019 - 2020

Skills

HTML5 | CSS3 | JavaScript | Tailwind CSS | Bootstrap | React JS | C | C++

Projects

NETFLIX CLONE

Developed a Netflix clone using HTML, CSS, and JavaScript to replicate the user interface of the popular streaming platform. The project showcases my proficiency in front-end web development, emphasizing responsive design and interactive features.

- Implemented an interactive carousel for movie recommendations, enhancing user engagement and navigation.
- Integrated a movie data API to fetch real-time information, demonstrating the ability to connect to external data sources and incorporate dynamic content

SPOTIFY CLONE

Developed a Spotify clone using HTML, CSS, and JavaScript to replicate the user interface of the popular music streaming service. Demonstrated expertise in front-end web development, emphasizing responsive design and interactive elements.

- Interactive playlist creation system for personalized music collections.
- Real-time search functionality utilizing APIs for seamless content discovery.

AMAZON CLONE

Developed an Amazon clone using HTML, CSS, and JavaScript to recreate the e-commerce giant's user interface. The project showcases my skills in front-end web development, focusing on creating a seamless and visually appealing online shopping experience.

- Implemented secure user authentication and authorization features, allowing users to create accounts, log in, and make secure transactions.
- Developed a dynamic shopping cart with real-time updates, showcasing the ability to manage and update user-selected items during the shopping experience.

Academic and Extracurricular Achievements

Volunteer, Dreamz Spark Event

- Actively participated as a volunteer in the planning and execution of the Dreamz Spark event at College.
- Collaborated with a diverse team to ensure the smooth flow of the event, contributing to its success in fostering creativity and innovation among participants.

Head, Web Developer Club - Web Fusion

- Led and managed the Web Fusion club, overseeing all web development-related activities and projects.
- Organized workshops, coding sessions, and collaborative projects, fostering a community of learning and innovation among club members.
